Priscilla Pavlis
Pavlis and Company
P.O. Box 16
Riverside

Dear Ms. Pavlis,

Thank you for your letter of May 25. I am very happy to respond to your questions about our services. Eastman Energy Associates conducts energy audits of businesses with the aim of helping our customers heat and cool their buildings more efficiently. Typically, we begin by inspecting furnaces, air-conditioning units, and heating and cooling ducts for efficient operation and compatibility with your heating and cooling needs. We then conduct a thorough inspection of the building itself, both inside and outside, for places where air can enter and escape. We focus on outside doors and windows, outside walls and the roof.

Within a week of our visit, we send a complete written report with an evaluation of your building's strengths and weaknesses. We also include a list of suggested upgrades with their estimated costs as well as estimated savings in heating/cooling costs. We follow up with a phone call to ensure that you understand each detail and to address any concerns you may have. An audit of a building of your size would take about eight hours to complete. We would charge \$1,500 for the audit, including the written report and follow-up call. Any further consulting you may require beyond that would be charged at our hourly rate of \$175 an hour.

Please let me know if you have any further questions. You can reach me by phone at 492-0983. Call that same number if you would like to schedule an audit for your building. We are currently making appointments for next month. Thank you for contacting Eastman.

Subject: Workshop logistics
Date: Monday, June 10
attach: Workshop schedule

Ms. Bao,

I have attached a draft of the scheduled for the upcoming workshop. I wish we had scheduled it for a week from today instead of for the day after tomorrow. There is still so much to do to get ready; however, we can't change the date now. I really appreciate your support in getting things ready.

Here are some things I need you to take care of. Tea and snacks should be served immediately after Mr. Chang's presentation. He plans to talk for just an hour, so there will be time for this before the next presentation begins. Also, the room that we have scheduled for lunch is one of the smaller rooms, and serving a meal there would be difficult. In addition, we have a workshop scheduled in the same place right before lunch, so there would be no time to set up. See if you can exchange places with the Demographics workshop. The room we have scheduled for that seems convenient and comfortable for eating.

Please make sure there are enough chairs in each room for everyone. So far, 45 people have registered for the workshop, but a few more registrations could come in today or tomorrow. You should have 15 extra chairs in each room just to be safe. There is one last scheduled change. Mr. Wang will have to leave right after lunch, so please give him Ms. Lee's time slot, and she can take Mr. Wang's afternoon time slot. Send me the revised schedule this afternoon. Thank you.

Modern 10-story building with two elevators. \$1,750/month. First month's rent and security deposit equal to one month's rent required to move in. To see, call City Office Rentals at 382-0838 between 8:30 and 4:30, Tues.-Sat.

To: Marilyn Sawyer
From: Paul Lebowski
Subject: Office rental
Sent: Tuesday, October 3

Marilyn,
Here's a link to an office rental ad I found online: www.offices.com/10-01. I think it's worth looking at even though the rent is a bit high. I know it is a good deal more than we are paying now, but look at the size. It's twice as big as our current office, and I'm sure we can use the space. And it has a kitchen and bathroom and a reception area just like we have now. Unfortunately it is nowhere near a subway station. That is a convenience I would miss having, but it does have parking, unlike our current office. I'm sure our clients would appreciate that. It would also be good to be in a building with an elevator. I'm really tired of using the stairs. I'd like to see the space as soon as possible. Could you call and make an appointment? Try and get one for tomorrow if you can, because after that I'll be away until next Monday, as you know. Thanks.
